 - Certificate Location Filters query subject: a new query item was added to enable reporting on the label associated with a location used as a filter when creating a certificate.
 - 'Certificate Location Filters': The text description of the location filter used to create a certificate.

Reports

- **Recruitment Sources Dashboard:** The Recruitment Sources Dashboard was modified. This report provides visualizations and tabular data displaying recruitment sources by organization, office, and vacancy, as well as the identification of social media sites used for recruitment. The report was modified to include a new optional prompt for remote job vacancies as well as columns in the report output to identify whether a vacancy is for a remote job.
 - Team Content > USA Staffing Packages and Folders > Hiring Data Warehouse > Vacancy
- **Vacancy Overview Dashboard:** The Vacancy Overview Dashboard was modified. This report provides key metrics as well as tabular data to display details about a vacancy, including the total number of applications received and number of applications by status. The report was modified to include a new optional prompt for remote job vacancies as well as columns in the report output to identify whether a vacancy is for a remote job.
 - Team Content > USA Staffing Packages and Folders > Hiring Data Warehouse > Vacancy
