Introduction

Templates can be used to streamline and maintain consistent language when creating announcements. Below are a number of examples that can be modified, as needed, in the USA Staffing Upgrade. These are intended to provide a starting point for developing Agency-specific announcement templates and should not be viewed as a final product or requirement. The six examples are divided by USAJOBS Announcement Type (e.g., Public, Status) and grade level (e.g., GS-05/07, 09/11, 12/13).

Need to Know

An HR user can select an announcement template on the Announcement Text page which populates the announcement text and can then be modified to meet his/her needs. When creating custom templates or reviewing the proposed text below, please note:

- Text highlighted in a chartreuse bubble represents a data insert (e.g., **Customer Name**). A data insert retrieves the identified information from the vacancy and populates that information into the announcement.
 - Data inserts will not automatically transfer when you copy and paste the data below into the USA Staffing system. To add a data insert in USA Staffing Upgrade, click and drag the data insert from the Available Data Inserts list on the right side of the screen and drop in the appropriate location within the announcement text.
 - More information about data inserts may be found at: https://help.usastaffing.gov//USAS/index.php?title=Data_Inserts
- Red text enclosed by two brackets represents instructional text (e.g., **[[INSERT AT LEAST ONE LINE EXPLAINING POSITION]]**) that must be modified and removed as applicable.
 - To insert placeholder text, click the Placeholder text icon (e.g., **[P]**), add the instructional text in the Placeholder Properties window and click OK. This text must be modified by the HR user before the announcement will successfully release to USAJOBS.
 - While placeholder text does display in red, the Upgrade does not otherwise allow for changing the formatting of color or font style in order to align with USAJOBS guidelines.
- Blue underlined text represents a hyperlink to a website (e.g., <https://www.usajobs.gov/>).
 - To create a hyperlink in USA Staffing Upgrade, highlight the text, click the Link icon (e.g., ) , insert the appropriate URL and click OK.
- A bold asterisk (*) next to a field name indicates that field is required for the announcement to release successfully to USAJOBS.
- The bold number in parentheses to the right of each Announcement section header is the character limit for that section, if applicable.
 - Note: Administrators may exceed the character limits enforced by USAJOBS on the release of an announcement when creating announcement templates. This 3X increase in character limits will allow agencies to add more content to the template that may be removed prior to release. The announcement text must adhere to USAJOBS character limits before it can be successfully released.
- The Marketing Link and Benefits Link fields can only contain a valid URL beginning with "<http://www.>"; an OPM URL has been defaulted to the Marketing Link field and should be replaced with an Agency specific Marketing URL. Do not include instructional text before the URL.
