USA Staffing
Reporting and Analytics Release Notes

Stage Release Date: May 3, 2023

Production Release Date: May 10, 2023

Reporting and Analytics

Hiring Data Warehouse

- Applicants folder
  - Applicant List Information sub-folder: a new query subject and associated query items was added to enable reporting on applicant list filters based on hurdle information.
    - Applicant List Hurdle Filters query subject
      - 'Applicant List Hurdle Filter Cutpoint': The numeric cutpoint applied when Hurdle Score or Hurdle Augmented Score is used as the hurdle filter type when creating an applicant list.
      - 'Applicant List Hurdle Filter Hurdle': The number and name of the hurdle being used for a hurdle filter used to create an applicant list.
      - 'Applicant List Hurdle Filter Hurdle Status': The status of the application (e.g., Pending, Active, Complete, Inactive) for a specific hurdle in the assessment process used to create a hurdle filter for an applicant list.
      - 'Applicant List Hurdle Filter Name': The name of the hurdle filter used to create an applicant list.
      - 'Applicant List Hurdle Filter Type': The type of criteria (e.g., Hurdle Status, Hurdle Score, Hurdle Augmented Score) used to create a hurdle filter for an applicant list.
      - 'Applicant List Hurdle Filter Rating Combination': The concatenated series-grade combination to which a hurdle filter applies.

Reports

- **Time to Hire Summary Report (Completed Requests):** The Time to Hire Summary Report (Completed Requests) report was modified. This report displays summary level data on the milestones of the hiring process and the overall time to hire for completed requests. The report was updated to include an optional prompt for vacancy type. Additionally, the report was modified to have the same look and feel of Hiring Data Warehouse and User License standard reports.
  - Team Content > USA Staffing Packages and Folders > Time to Hire

USA Staffing Data APIs

The USA Staffing Data API team continues to add to the APIs available to pull bulk data sets from USA Staffing. For detailed information about each API. Including data definitions, visit https://developer.usastaffing.gov.

- **Certificate Applications API:** The Certificate Applications API was updated to allow users to return a filtered list of records using startDate and endDate based on dwLastModifiedDateTime.
