### Reports

- The Application History Tracker Report was modified to include New Hire Number in the report output. This report displays details about individuals' applications to vacancies as well as information about the vacancy and announcement.
  - Location: Team Content > USA Staffing Packages and Folders > Staffing Reports > Staffing > Application
- All standard reports' properties were updated to have the default report action set as "Run the report" when a user clicks the report name. Previously, the default action was set to "View the most recent report," and the setting had to be manually updated each time the report was modified.

### Staffing Reports

- New Hires namespace
  - New Hire Detail folder
    - New Hire Forms query subject: added a new field to enable reporting on the earliest date/time of a form's submission.
      - 'New Hire Form Original Submitted Date/Time': The timestamp when the form was first submitted by the new hire.
