

USA Staffing® Reporting and Analytics Release Notes

Stage Release Date: October 18, 2023

Production Release Date: October 25, 2023

OFFICIAL USE NOTICE: This material is intended exclusively for use by USA Staffing Customers and is not to be distributed without approval from the USA Staffing Program Office. This communication may contain information that is proprietary, privileged or confidential or otherwise legally exempt from disclosure. If you have received this document in error, please notify the USA Staffing Program Office immediately and delete all copies of the presentation.

Hiring Data Warehouse

New Hires Folder

New Hire Information sub-folder

New Hire query subject: a new query item was added to enable reporting on whether the new hire will receive Activity Summary emails.

- 'Activity Summary?': Flag indicating if the new hire is set to receive Activity Summary emails.

Tasks Folder

Onboarding Tasks sub-folder

Comprehensive Onboarding Tasks query subject: a new query item was added to enable reporting on the email address of the task owner.

- 'Onboarding Task Owner Email': The email address of the individual responsible for completion of an onboarding task.

Staffing Tasks sub-folder

Comprehensive Staffing Tasks query subject: a new query item was added to enable reporting on the email address of the task owner.

- 'Staffing Task Owner Email': The email address of the individual responsible for completion of a staffing task.

Vacancies Folder

Vacancy Information sub-folder

Vacancy query subject: an existing query item was updated to reflect changes to its use in the USA Staffing interface.

- 'USA Hire Custom Notifications?' (previously named 'USA Hire Notifications'): Flag indicating if agency or assessment-specific custom USA Hire notification(s) should be sent to applicants.

Time to Hire

Vacancy Information Folder

Vacancy query subject: new query items were added to enable reporting on the assessment type(s) used to evaluate applicants for vacancies.

- 'Manual Assessment Used?': Flag indicating if a vacancy uses a manual assessment to evaluate applicants.
- 'Multiple Hurdles?': Flag indicating if multiple hurdles are used within the assessment package to evaluate applicants.
- 'No Assessment Used?': Flag indicating if a vacancy did not use assessment to evaluate applicants.
- 'Questionnaire Used?': Flag indicating if a vacancy uses a questionnaire to evaluate applicants.
- 'SME Evaluation Used?': Flag indicating if a vacancy uses an SME evaluation to evaluate applicants.
- 'USA Hire Used?': Flag indicating if a vacancy uses a USA Hire assessment to evaluate applicants.

Requests API Sub-Entities

The following Requests API sub-entities were updated to allow direct data pulls (rather than through the Requests API) and to enable sorting of the data based on the DW Last Modified Date/Time.

- Requests/AppointingAuthorities
- Requests/Locations
- Requests /MissionCriticalOccupations
- Requests/PositionDescriptions
- Requests/WorkSchedules
- Requests/TrustDeterminations
